

City of Bristol Rowing Club training and racing kit 2011/12

Dear club member,

Following the review of our previous club kit, the all-in-one in particular, we have, after careful considerations, chosen New Wave as our new supplier (<http://www.newwave.de/index.php>)

New Wave is based in Berlin, Germany. The company makes club and general kit but also supplies clothing to national rowing squads including Great Britain and Germany.

Their UK representative Karon Phillips (karon@newwaveuk.co.uk) is based in Maidenhead and our point of contact for any questions related to the kit.

About New Wave:

"In 1988 that New Wave decided to focus on Rowing Clothing, and move into manufacture, rather than just buying and selling. As we employ active rowers, we were already familiar with the problems of clothing available at the time (remember 100% cotton shorts and leggings!) – sometimes too warm, sometimes too cold, and often very wet as it absorbed the sweat and external moisture.

The technical function of the rowing specific clothing has always had a high priority at New Wave. The clothes must be good to wear, as well as looking good – some of the aspects we take into account in choosing fabric and design are: breathability; wicking; windproof; waterproof or water resistant; quick-drying; long-lasting; colourfast; weight, etc. The designs of the clothing take into account potential 'friction' areas, so seams are kept to a minimum, and removed wherever possible."

The range of kit we chose includes everything you need to train and race. We hope you will be happy with the kit, but welcome any comments for improvement and will pass them on to New Wave, as they are continuously working to develop rowing clothing further.

Get in touch with us if have any questions about the kit.

Shona & Jenny
Kit officers

How to order kit:

Currently New Wave does not provide club pages, as other suppliers do, but is working to offer that service. Until then the order process is as follows:

- _ Scroll down and have a look through the catalogue and learn about the new kit
- _ Download and fill in the Excel form provided on the our website and send it to Karon email, alternatively you can simply list your order in an email to her, without using the order form
- _ The order form will automatically add up the numbers and you'll see the total amount
- _ Upon receipt of your email Karon will be in touch with you to check the order and advise on postage charges
- _ **Delivery time is generally 2 weeks. At peak times it may take 3 to 4 weeks**

How to pay for kit:

Payment is made directly to Karon, either using cheque or UK bank transfer

Bank transfers to: "New Wave UK"; Sort Code: 30 90 24; Account Number: 00888214

Cheques payable to "New Wave UK": New Wave UK, 17 Boulters Gardens, Maidenhead, SL6 8TR

Kit sizes:

All kit comes in sizes ranging from small to xx large. New Wave offers a size calculator on their website to establish your recommend size based on height and weight. Go to <http://www.newwave.de/index.php> and navigate to the garment type you're interested and click on the 'Size Guide' icon which will direct to a new page. You may have to change the language setting to English at the top. If you have any problems finding it, ask your kit officers.

When placing an order it is recommended, particularly for junior clothing, to state weight and height. This will allow New Wave to get the right size for you.

I have received the order and it doesn't fit???

If it the garment you have order is clearly too large or small, New Wave will replace it free of charge. Please get in touch with Karon before returning goods. She will advise you further about returns and changes to the garment.

CBRC All-in-one (£52)

Garment description:

The all-in-one is made of a mix of Meryl and Lycra making it a very light weight garment. It is breathable, windproof, water repellent and quick drying feeling comfortable against the skin. Its legs are longer than those of previous all-in-ones and so won't up as much. This model has regular wide shoulder straps suitable for men and women. The request for racer backs has been passed on to New Wave and is in development. Watch this space.

Colour options:

As shown

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC Long sleeve top (£34 with logo; £32 without logo)

Garment description:

Made of New Wave's lightweight Atmos/Coolmax fabric this top is fitted and can be worn on its own or to layer up for outings in cold conditions. The club logo is applied to the left chest.

Colour options:

Black with green stripe

White with green stripe (suggested for outings in the dark for improved visibility)

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC Short sleeve top (£32 with logo; £30 without logo)

Garment description:

Colour options:

Black with green stripe

White with green stripe (suggested for outings in the dark for improved visibility)

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC 2skin short sleeve top (£32)
Also available as long sleeve top (£34)

Garment description:

These seamless base layers reduces potential friction areas, and the soft stretchiness means that the shirt fits comfortably against the skin. Rowing specific vented zones give maximum moisture transfer away from the skin, where it is most needed. The micro-polyamide thread next to the skin gives super comfort, whilst the external layer of Trevira Bio-active micro-yarn gives maximum protection and prevents odour! The arm seams are dyed in CBRC green.

Colour options for short and long sleeve tops:

Black with green seams

White with green seams (suggested for outings in the dark for improved visibility)

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC shorts (£32)

Garment description:

Made from technical microfibre (Meryl/Tactel). These shorts have a double lined seat for extra protection. They also dry quickly.

Colour options:

Black with green stripe

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC leggings (£42)

Garment description:

Made from technical microfibre (Meryl/Tactel). These leggings have a double lined seat for extra protection. They also dry quickly.

Colour options:

Black with green stripe

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC Gamex jacket (£60)

Garment description:

New Wave's Gamex fabric is windproof, breathable and water-repellent. The fabric is thin compared to other gilet's but yet hard wearing and long lasting. The splash jacket's fitted cut makes it the ideal top layer to wear on the water in warm as well as cold, wet and windy conditions. The reflective lettering on the back improves visibility in the dark.

Available in sizes:

Small; Medium; Large; X Large; XX Large

CBRC Splash jacket (£66)

Garment description:

This light weight splash jacket is made of Tactel micro-fibre. It provides good breathability and is water proof, which increases as the body gets warmer, and the outside temperature is lower. There is an additional breathable membrane in the shoulder and back area, where greater protection is needed in wet conditions. It is the ideal outer layer to keep you warm and dry off the water but also when coaching and coxing. The elastic cord at the bottom hem enables a tight fit round the hips. The back is longer than the front to protect the lower back and hip area when sitting down. A hood can be ordered in addition which can be attached to the collar of this splash jacket.
